

# POLYCLEAN VE

## DESCRIPTION

POLYCLEAN VE is a ready-to-use vegetable-based non-stick release agent for caissons, rollers and surfaces in contact with bituminous conglomerates and bitumens, it allows to keep equipment clean and protected for a long time as it generates a resistant protective layer that avoids encrustations from bitumen, unlike silicone products, it does not create contamination in bituminous conglomerates.

## APPLICATION

POLYCLEAN VE can be used on all surfaces in contact with bitumen and bituminous conglomerates.

## DIRECTIONS OF USE

POLYCLEAN VE can be sprayed on the surfaces to be treated using simple manual pumps or automatic systems.

## DOSAGE

POLYCLEAN VE is ready to use and does not need to be diluted.

## STORAGE

POLYCLEAN VE can be stored for 24 months in its original and closed packaging.

## SAFETY

POLYCLEAN VE is not classified as dangerous. For more information, refer to the product safety data sheet, available on request.
